## AT-HOME CARE INSTRUCTIONS

- You may exercise, but avoid excessive heat, saunas, steam baths, and hot tubs for 2 days.
- PRX is non-photosensitizing but reapply SPF 40+ regularly while outdoors.
- During your series, do not use other skincare products.
- Gentle cleanser, SPF, and makeup are allowed.
- Resume your normal skincare regimen 3–5 days after your last treatment in a series.
- After a MicroGlow (microneedling) treatment, wait at least 24 hours before resuming at-home products.

**Contact your provider if you experience any unusual or severe side effects.**
